

## BILAT-UKR\* AINA Summer School

on

### European RTDI policies, instruments and participation possibilities

co-organized by

**Regional Centre for Information and Scientific Development Ltd. (HUN)**

and

**National Academy of Sciences of Ukraine (UA)**

Date: 15-18<sup>th</sup> September, 2014

Location: Kyiv, Ukraine

*"This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no. 311839".*

## The major objectives of BILAT-UKR\*AINA are:

- to support the institutional **dialogue on STI policy** between the European Commission, the EU MS, CC and AC, and Ukraine,
- to provide analytical input to the dialogue and to ensure specific practical **follow-up and sustainability**;
- to monitor and analyze **innovation and research cooperation** expressed in co-publications, scientific and educational networks and in terms of joint projects including participation of EU researchers in Ukrainian S&T State Programmes;
- to provide a flexible instrument for **pilot projects and pilot activities** to facilitate the implementation of the joint EU-Ukraine STI Roadmap;
- to provide capacity building and networking **opportunities for the best Ukrainian researchers** in order to increase their participation in joint projects;
- to **promote RTDI cooperation opportunities** in particular in FP7/Horizon 2020, to support the creation of networks and the participation in joint projects;
- to secure the outreach of the project to interested parties which are not consortium members and to **increase awareness** about the assets of RTDI cooperation with Ukraine.

## Aims of the Summer School

The aim of the summer school is to provide a **comprehensive training on project development, management and exploitation of research results** in the frame of Horizon 2020. The summer school provides an intensive training backed by a half-year mentoring (by the trainers from the consortium) for ca. 30 young Ukrainian research and project managers. Apart from a strong focus on the **development of the participants' institutional profile**, the event shall also provide an opportunity for **networking and identifying potential fields of common interests** among the participants.

## Target group

**Young research project managers** and **project experts** from Ukraine, who actively involved in the following topics are expected to take part in the event: **Biotechnologies, ICT, Nanomaterials, and Transport**.

## Age limit

Young researchers/project managers are invited to apply **who are under 40 years**.

## Grants

The accommodation and travel costs will be covered for the selected **ca. 30 applicants**. For more information, please contact the local organizers.

## Working language

The Summer School will be held in English.

## Application

**Deadline for application is 10th July 2014.**
