**InnoMedia Final Conference
Karlsruhe, 07 February 2018**

Improve the framework conditions for international cooperation in Research & Innovation

Cooperation between European STI organizations

Enhance impact of results from research and innovation projects

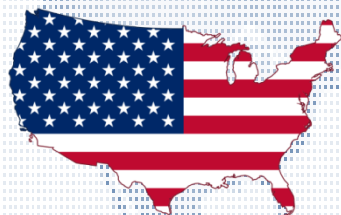

These projects have received funding from the European Union's Horizon 2020 research and innovation programme.

European Research and Innovation Centres

- A network of centres in the world's most dynamic and innovative countries and regions
- Connect and support European researchers and entrepreneurs globally
- Strengthen the position of Europe as a world leader in science, technology and innovation

Networks

Brazil

Networks

China

Involvement of the project partner's networks
